Key Scenario Demonstration

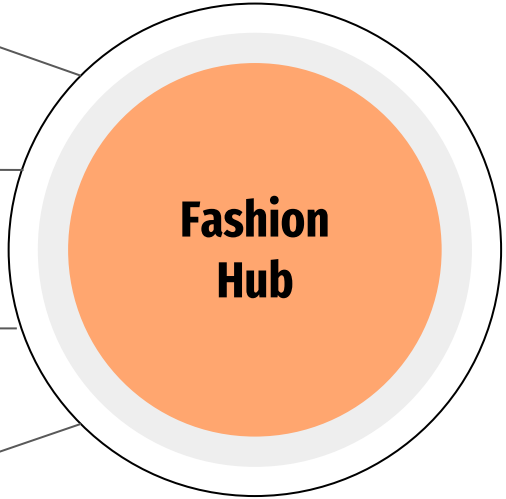
Problem Statement

Passion for shopping and enjoying the latest trends

The Problem: Challenges in accessing affordable and diverse products online

Who it Affects: Online shoppers

Impact: Shoppers either pay high prices or encounter inconvenient advertisements



Product Position Statement

Fashion Hub

For: Admins and shoppers

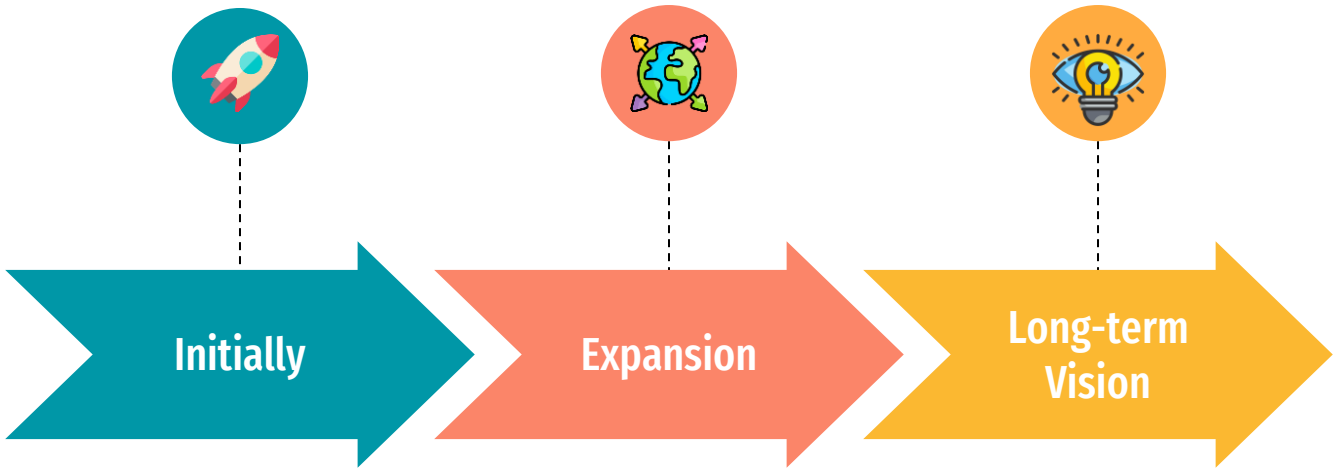
Unlike: Shopee, Lazada

Who: Discovery, Buy Clothes, Add/Delete Products

What: A shopping platform without ads

Empowers fashion enthusisast and offers an ad-free shopping experience

User and Market



21CLC05 class students

VNUHCM - University Of Science

All fashion lovers

Team Roles & Responsibilities

Project Manager

Võ Anh Quân

Test plan

2. Target Test Items

No.	Features
1	Search products based on keyword
2	Add products to Cart
3	List products by Category
4	Checkout orders
5	Payment for order
6	Register

Area to test: functionality, usability

Software Name	Purpose	Version	Type and Other Notes
Google Chrome	Ensure compatibility, performance, debugging, and user experience across different browsers.	120.0.6099.130	Internet Browser
Microsoft Edge	Ensure compatibility, performance, debugging, and user experience across different browsers.	120.0.2210.91	Internet Browser
Windows 10, 64 bit	Ensure its functionality, performance and user experience on a widely used operating system of Microsoft.	22H2	Operating System
Windows 11, 64 bit	Ensure its functionality, performance and user experience on a widely used operating system of Microsoft.	22H2	Operating System

3.3 Productivity and Support Tools

The following tools will be employed to support the test process for this *Test Plan*.

Tool Category or Type	Tool Brand Name	Vendor or In-house	Version
Test report	Google Sheet	Google	
Test case description	Google Sheet	Google	

People and Roles

Human Resources		
Role	**Minimum Resources Recommended** **(number of full-time roles allocated)**	**Specific Responsibilities or Comments**
Test Manager	1	Provides management oversight. Responsibilities include: • planning and logistics • agree mission • identify motivators • acquire appropriate resources • present management reporting • advocate the interests of test • evaluate effectiveness of test effort
Tester	3	Implements and executes the tests. Responsibilities include: • implement tests and test suites • execute test suites • log results • analyze and recover from test failures • document incidents

Test cases and Results

ID	Feature Name	Number of test cases	Number of passed test cases	Number of failed test cases
UC01	Search products	5	3	2
UC02	Add products to Shopping Cart	9	6	3
UC03	List products by Category	2	2	0
UC04	Checkout Orders	8	6	2
UC05	Payment Order	5	5	0
UC06	Register	7	7	0

Number of functions be test	Number of test cases	Number of passed test cases	Number of failed test cases
6	36	29	7
